## Consider What Medicare Does and Does Not Cover

Medicare is a health insurance program operated by the federal government. Benefits are available to qualifying individuals age 65 or older, certain disabled individuals under age 65, and those suffering from end-stage renal disease. The traditional Medicare program consists of two main parts: Part A, Hospital Insurance and Part B, Medical Insurance. There are clearly defined limits as to what Medicare will, and will not, pay.

### Medicare (Part A) 2023 Hospital Insurance Covered Services per Benefit Period

Service	Benefit	Medicare Pays	You Pay
<b>Hospitalization:</b> Semiprivate room and board, general nursing and miscellaneous hospital services and supplies. Includes meals, special care units, drugs, lab tests, diagnostic X-rays, medical supplies, operating and recovery room, anesthesia and rehabilitation services.	Medicare pays all covered costs for first 60 days, except the first \$1,600. For the 61st through 90th days, it pays all except \$400 a day. There are also 60 nonrenewable reserve days that can be used when the 90 days are past. Medicare pays all except the first \$800 for each reserve day.		
<b>Post-hospital skilled nursing facility care</b> (in a facility approved by Medicare): You must have been in a hospital for at least three days in a row and enter the facility within 30 days after having been discharged from the hospital.	<b>First 20 days.</b>	All costs.	Nothing.
	<b>Next 80 days.</b>	All but \$200.00	\$200.00 per day
	Medicare and private insurance will not pay for most nursing home care, and you pay for custodial care.		
<b>Home health care:</b> Post-institutional care. You must have been in a hospital for at least three days in a row or have been in a skilled nursing facility following a hospital stay.	Pays the cost of 100 home visits, if made under a physician's treatment plan.	Full cost.	Nothing for services; 20% of approved amount for durable medical equipment.
<b>Hospice care:</b> May exceed the 210 days of care if recertified as terminally ill.	Two 90-day periods and one 30-day period.	All but limited costs for outpatient drugs and inpatient respite care.	Limited cost sharing for outpatient drugs and inpatient respite care.
<b>Blood.</b>	Blood.	All but first three pints.	For first three pints.

### Medicare (Part B) 2023 Medical Insurance Covered Services per Calendar Year Standard Monthly Premium: \$164.90

Service	Benefit	Medicare Pays	You Pay <sup>1</sup>
<b>Medical expense:</b> Doctor's services, inpatient and outpatient medical services and supplies, physical and speech therapy, ambulance, etc.	Medicare pays for medical services in or out of hospital. Some insurance policies pay less (or nothing) for hospital outpatient medical services in a doctor's office.	80% of approved amount (after \$226.00 deductible). 50% of approved charges for most outpatient mental health services.	\$226.00 deductible <sup>2</sup> plus 20% of approved amount and limited charges above approved amount. <sup>3</sup> 50% of approved charges for mental health services.
<b>Home health care<sup>4</sup>.</b>	Unlimited, if made under a physician's treatment plan.	Full cost.	Nothing for services; 20% of approved amount for durable medical equipment.
<b>Outpatient hospital treatment.</b>	Unlimited if medically necessary.	80% of approved amount (after \$226.00 deductible).	\$226.00 deductible <sup>1</sup> plus 20% of balance of approved amount.
<b>Blood:</b> Any blood deductibles satisfied under Part B will reduce the blood deductible requirements.	Blood.	80% of approved amount (after first three pints).	\$226.00 deductible <sup>1</sup> plus first three pints plus 20% of balance of approved amount.

**Note:** If the period of hospitalization covers two calendar years, no new deductible is required for the new year. These figures are for 2023 and are subject to change each year.

<sup>1</sup> You pay for charges higher than the amount approved by Medicare unless the doctor or supplier agrees to accept Medicare's approved amount as the total charge for services rendered.

<sup>2</sup> Once you have had \$226.00 of expense for covered services in 2023, the Part B deductible does not apply to any further covered services you receive the rest of the year.

<sup>3</sup> Federal law limits charges for physician services.

<sup>4</sup> Home health care is provided under Part B only if not covered under Part A.
